

# MOMENTO JEWELRY

*World's first gem that communicates with you.*

## Galatea Jewelry App

Download Galatea Jewelry App at

The Galatea Jewelry App is available  
for android and iPhone 7 and newer.

# Galatea Jewelry App

Available for Android and iPhone 7 or newer

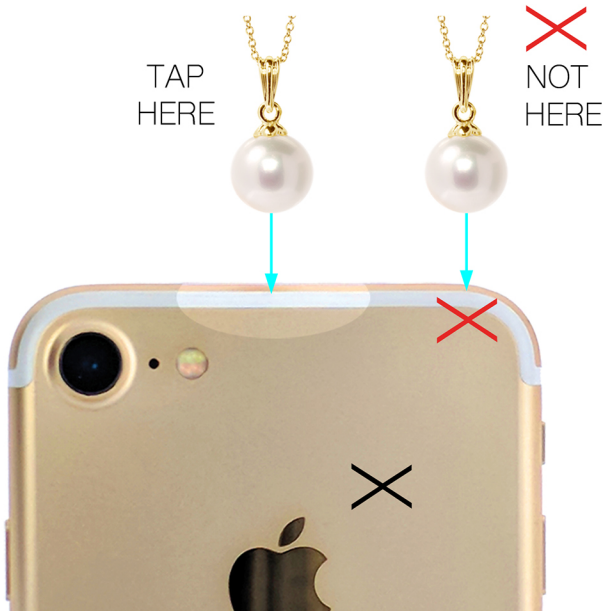

1- Download the Galatea Jewelry App  
at the iTunes Store or use the QR code below.

2- Create an account, user name and password.

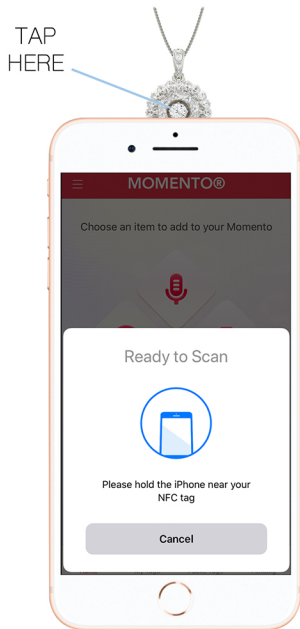

## iPhone's reading location

The best scanning location for iPhone is in the center of the white/gray line between the gold cover at the top of the phone.

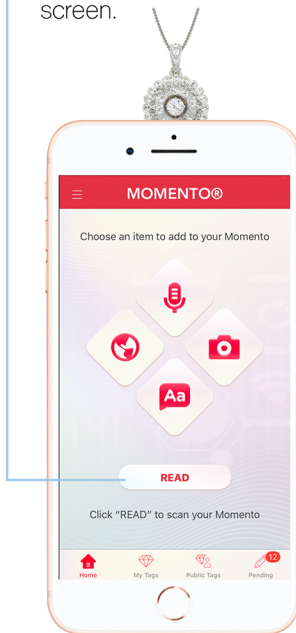

## Open Galatea App

Your jewelry is ready to scan.

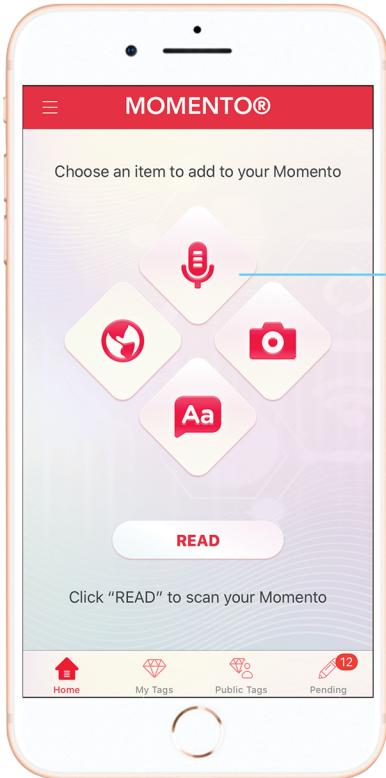

If the Galatea app is already open

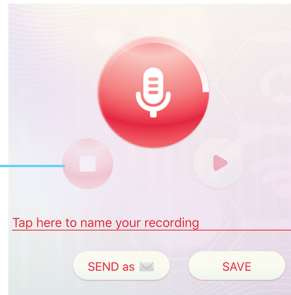

Click “READ”, scan and hold the phone on top of center diamond 2–3 seconds. Previous recordings will open and play back on your screen.

# How to Record a Message

- 1-Click on the microphone icon to record audio messages.
- 2-Press STOP to end the recording.

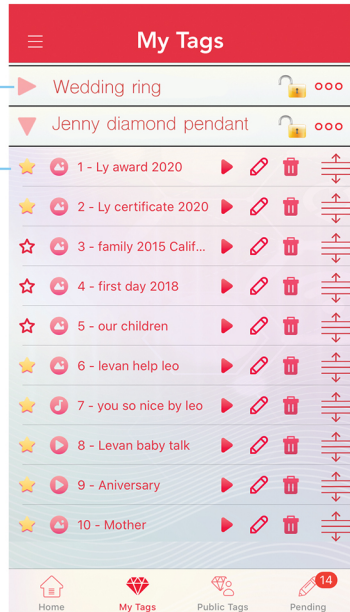

- 3-Name your recording.
  - 4-Tap your phone to the Momento Jewelry to save your recording.
  - 5-You're ready to play back your recording.
- Repeat this step for Video, URL links and text recordings.

# My Gems

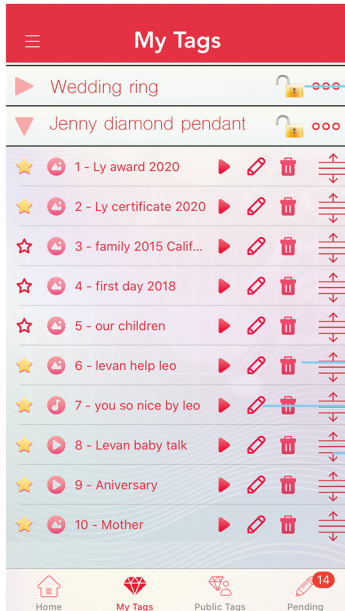

Name of gem

A yellow star indicates your last recording. You can store multiple recordings in your Gem Folder. But only the “starred” item will play back upon opening and tapping your gem to the device. You may highlight more than one stars for multiple messages to play back.

Records downloads from other users.

Your recordings are saved even when the internet is not available. You can upload it again to your tag later.

## Editing Functions

Lock your gem.

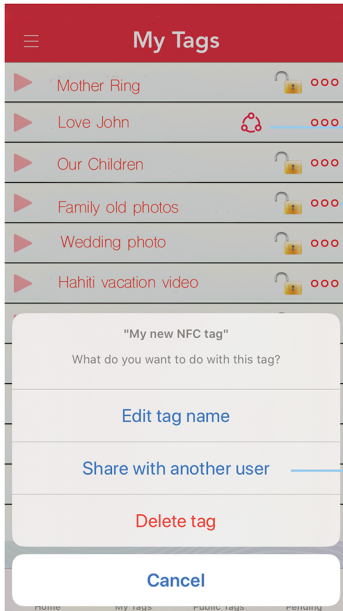

When a gem is in a locked mode, no one else can access your gem. It is a nice security feature to protect your private messages.

Delete a gem.

Edit the name of a gem.

Hold and drag recording up or down. You also can move it to another gem.

# Private Sharing

This icon indicates you shared this gem with your loved one.

Click the three dots to open sharing function.

Click here and enter another user email address you wish to invite.

Note: Invited user must have Momento Jewelry app to be shared.

Your loved one also can add a new recording while away from home without having the jewelry.

You have the option to stop sharing anytime.

# Android Phone Users

NFC HERE

Each phone will have a different reading location. Use the NFC jewelry to find your phone reading (NFC) location.

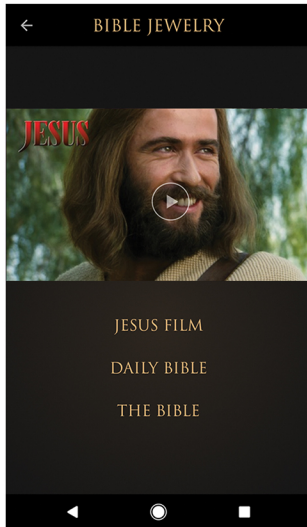

## Reading location for wedding band

The best reading location for a wedding band is on the side of ring and not from the top.

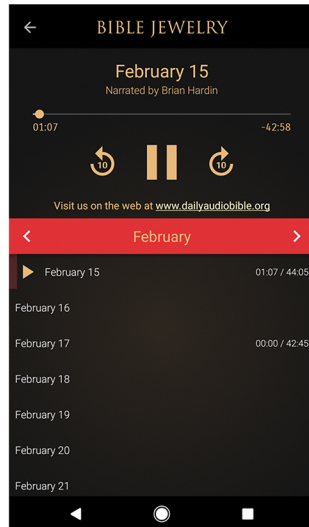

# The Bible Pearl App

Please download our Galatea Jewelry App at the App Store to use your Bible Pearl.

## The Jesus Film

You can watch The Jesus Film.

## Daily Audio Bible

Daily Audio Bible will play 365 days, one day at a time each time you tap to your Bible pearl.

# THE BIBLE PEARL<sup>®</sup>

Wear the word of God close to your heart
